of various Mutual Funds with a single form and a single payment instrument through a Common Account Number (CAN)

Accordingly, all financial and non-financial transactions pertaining to the Scheme are available through MFU either electronically on www.mfuonline.com as and when such a facility is made available by MFUI or physically through authorised Points Of Service ("POS") of MFUI with effect from the respective dates as published on MFUI website against the POS locations. - (z) **Foreign Account Tax Compliance Act (FATCA) is a United States (US) Law aimed at prevention of tax evasion by US citizens and residents ("US Persons") through use of offshore accounts.**

FATCA obligates foreign financial institutions (FFIs), including Indian financial institutions to provide the US Internal Revenue Service (IRS) with information and to report on the accounts held by specified US Persons. The term FFI is defined widely to cover a large number of non-US based financial service providers such as mutual funds, depository participants, brokers, custodians as well as banks. FATCA requires enhanced due diligence processes by the FFI so as to identify US reportable accounts.

- The identification of US person will be based on one or more of following "US indicia"-
- Identification of the Account Holder as a US citizen or resident;
- Unambiguous indication of a US place of birth;
- Current US mailing or residence address (including a US post office box);
- Current US telephone number;
- Standing instructions to transfer funds to an account maintained in USA;
- Current effective power of attorney or signing authority granted to a person with a US address or
- An "in-care of" or "hold mail" address that is the sole address that the Indian Financial Institution has on the file for the Account Holder

Common Reporting Standard - The New Global Standard for Automatic Exchange of Information

On similar lines as FATCA the Organization of Economic Development (OECD), along with the G20 countries, of which India is a member, has released a "Standard for Automatic Exchange of Financial Account Information in Tax Matters", in order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, requiring cooperation amongst tax authorities. The G20 and OECD countries have together developed a Common Reporting Standard (CRS) on Automatic Exchange of Information (AEOI).
